From Elementary Principal Auer's Desk

CVA Family,

Congratulations on a fantastic school year! I am so proud of all that each class has accomplished. As a school, we are truly hitting our stride – keep up the great work in 2008/09!

I wanted to take a moment to specifically welcome all of our new families who are joining the CVA family for the 2008/09 school year. I have had the fabulous opportunity to meet our newest students and parents over the past few months – a great group of people are coming on board.

When you have a chance, I would encourage you to personally welcome our new students and families.

We will be having a summer BBQ on Aug 1st here at CVA. Please plan to join us for a great evening to reconnect, enjoy some fun and games on the grass field, and see what CVA has been up to over the summer.

Summer reading programs are a great way to keep our children moving forward. In addition to the CVA summer camps, there are a number of positive programs throughout the community. Make summer count – read, read, and read some more.

Joke of the month:

Mars and Venus are getting married. Who will be their best man?

Saturn; he's got the rings.
